

Internal Memo

From: Office of the Chairman
To: Executive Director—Dr. Christian Madubuko
Subject: Query—Unauthorized Operations and Unlawful Arrest of Our IGR Partner’s Staff (Bigly Oil and Gas Limited) and others.
Date: October 5, 2023

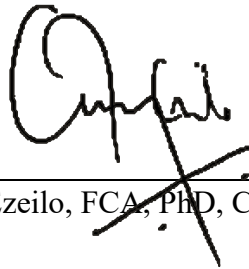

Dear Madubuko, I will thank you to pay rapt attention to the following circumstances associated with your person:

1. I received a report yesterday, from Mr. Ben Okafor an Executive Director in the Service, wherein my attention was drawn to the operations you carried out on **October 4 and October 5 within the areas of Ayamelum, Onitsha North and Ogbaru** whereof you conducted various arrests involving **IGR collection Personnel of one of Authorised Partners—Bigly Oil and Gas Limited**. Actions greatly considered inimical to the IGR efforts of the Service and the State in particular.
2. You will recall, in my last conversations with you shortly after you returned from your overseas trip, I took you to the **UHBET Centre** and conducted you round that facility; showed you your new office location in that Centre, and intimated you that your job roles would now change to cover among others, **New Business Development, Motor Licensing, Road Taxes and overseeing the UHBET Computer-Based Testing Facility (CBT)**. Additionally, I informed you that, as an **Executive Director**, you are **NEVER** to be engaged in any filed work again except where it becomes extremely necessary to do so.
3. Similarly, arising from my initial memo to all directors, management, and every other staff of AiRS, no such actions involving interacting with any external parties should take place without the authorization of the Chairman.
4. In another development, records from the head of admin showed that you are still in custody of **three (3) of AiRS vehicles**, namely 2 Siena buses and 1 truck, contrary to our vehicle fleet management policy of one officer – “**one vehicle and others to the pool**”.

In the light of the above, can you please take immediate steps to address the following queries:

- a. You are to provide lucid explanations of your roles in issues in “1” above and why severe disciplinary actions cannot be taken against you.
- b. Upon satisfactory submission on issues no.1, you should take immediate steps to relocate your office to the UHBET Centre as provided and thereof conduct yourself in line with your new job roles.

- c. Provide reasonable and convincing undertaken that you will never engage with any external parties including AiRS Partners or their agents, the police, civil defense, DSS or the press without express approval of the Chairman.
- d. Finally, you should take immediate steps to return two (2) of the three (3) vehicles in your custody back to the office and hand over the keys to the head of Admin for effective fleet operations.

October 6, 2023

Greg U. Ezeilo, FCA, PhD, Chairman/Chief Executive Officer
